

Submit your application online & save money

If you submit your planning application online via the Planning Portal you can save £102 per planning application.

- The Planning Portal is a free service and can result in substantial money and time savings
- The paper-less online system is easy to use and allows you to attach your plans electronically to your e-application, saving you the hassle of printing multiple copies
- It takes a quarter of the usual time to complete an online application and you get an instant confirmation email once you have submitted – allowing you to invoice your client straight away
